EDUCATION

Master of Science in Data Science
DISCo Department of Computer Science, Systems and Communication, University of Milan-Bicocca Viale Sarca, 336 - 20126, Milan | October 2018 - November 2020
Grade obtained: 110/110 (with honors)

Bachelor Degree in Economics and Statistics - Statistical specialization
ESt Department of Economics and Statistics "Cognetti de Martiis" University of Turin Via Verdi, 8 - 10124, Turin | September 2015 - September 2018

Human Sciences Diploma
Liceo Norberto Rosa, Piazza Savoia 19, 10059 Susa (TO) | September 2010 - July 2015

EXPERIENCES

MSc Thesis - Audio denoising in the wild
May 2020 - November 2020

I studied and implemented a series of Deep Learning architectures for the removal of background-noise from audio signals with the aim of improving the performances of systems for the speaker recognition task in urban environments.

Stage at Imaging and Vision Laboratory
February 2020 - July 2020

I was involved in studying and implementing state-of-the-art Deep Learing architectures for the removal of background-noise from audio signals.

University projects
October 2018 - July 2020

I have carried out numerous group projects in various fields: Natural Language Processing, Data Management, Deep Learning, Computer Vision and more as parts of the various exams taken, all available on Github.

V A L U E S

- Precise;
- Reliable;
- Curious: never stop learning.

H O B B I E S

Mountain lover.
Fisherman and fitness enthusiast.
Amateur guitarist.

G O A L S

- Winner of the Tronchetti Provera Foundation Scholarship: 1st out of four students selected on the basis of the number of exams taken and the weighted average of the exam scores.

BSc Thesis - "Farmacia dei Servizi" project
March 2018 - August 2018

I took part in the "Farmacia dei Servizi" project of ASL TO3 with the aim of analyzing from a statistical point of view the effect of a greater involvement of the professional figure of pharmacists in adhering to therapeutic guidelines by patients with diabetes type 1 and 2.

Optoelectronic worker at Microtex Srl
September 2015 - September 2018

For the entire duration of my degree course, I worked as a worker in the optoelectronics sector to pay for my studies.
